Welcome to Clay/Becker Veterans Treatment Court

The Clay/Becker Veterans Treatment Court program was established to provide more comprehensive treatment and services for veterans. Veterans Treatment Court was developed to help you achieve total abstinence from drugs and/or alcohol, be diverted from prison/jail and surround you with support from veterans and the military community. The Veterans Treatment Court is designed to reduce re-arrests, promote self-sufficiency through employment and education and to assist you with remaining in the community as a productive and responsible member of society by diversion from prison or jail.

Not everyone can be a part of the Veterans Treatment Court program. You must have served in the United States Armed Forces in some capacity, including the National Guard or Reserves. The program involves working jointly with the court, community supervision, treatment, Veterans Health Administration, Veterans Benefit Administration, veterans employment representatives, veterans service organizations, service officers, and other key team members, all dedicated to your recovery. You will not be sent to prison or back to jail if you comply with the conditions of the program and graduate. Our team will be working with you towards successful completion of the program, but the choice and effort to become drug and alcohol free and not commit new crimes comes from you.

It is important that you understand Veterans Treatment Court is a long-term commitment. You will become involved with community support group meetings, attend substance abuse treatment, participate in mental health treatment, if indicated, be subject to strict community supervision, submit to random drug testing and make regular appearances in Court.

We hope to see positive changes in your life as you progress through the Veterans Treatment Court program. The Veterans Treatment Court team is committed to providing you with support and encouragement as you find your way to a clean and sober life. Our goal is to help you become a sober contributing member of your community.

This handbook will provide information about what is expected of Veterans Treatment Court participants. You are encouraged to share it with your family and friends for their support and encouragement.

DO NOT LOSE THIS BOOK!

You must take it with you to all probation appointments and Veterans

Treatment Court hearings.
